Announcements

Be sure to mark your calendar for our upcoming programs with updates shown on our [Upcoming Events Calendar](#). For additional information visit our [About Us](#), [Resources](#), [Monthly Events](#), [Publications](#) webpages. or [Contact Us](#).

Our Speaker's Programs and Workshops will resume in the Fall (see preview under Monthly Events). Over the summer we will continue all other monthly programs along with the further development of our [Peace Nouvella Players™](#) healing arts ensemble's productions of creative and performing arts presentations. Anyone interested in participating in these innovative programs see details below under **AHAA's Peace Programs**

We encourage all to focus their prayers as thought intention of inner peace for all life forms ranging from the smallest micro-organism life forms in the water, air and land to the great scope of plants, animals and people effected by the Gulf oil spill. This includes everyone trying to stop the spill, clean it up and everyone whose inner peace is affected and lives changed by it. If you want to share in unified prayers for those affected there are a number of authors and teachers focusing on our one Mind with that intent. An example of this is Dr. Masaru Emoto's You Tube video with its message about the effect of healing thoughts on water crystals. Dr. Emoto's research work documents the effect of thoughts as shown in his books, photographs and videos. His newest book just released this month published by Hay House is titled "Messages from Water and the Universe" http://www.hayhouse.com/details.php?id=4956&utm_id=3548A
