

The on-going global ratification of the Inner Peace Treaty™ began in ceremony in Annapolis, Maryland, U.S.A. on June 21, 1998. The original treaty's words are offered here for you to ratify and as sample guide for you to co-creatively write your own inner peace treaty.

The Inner Peace Treaty™

*With this treaty I agree to reconnect with the highest aspects of my being.
Toward greater harmony and peace from within I acknowledge and release all
unforgiveness I have created. I choose to be at peace with the process of my life
as an unfolding journey toward greater love and joy.
I honor and hold this Truth and Self-evident.*
